MAKING BEST EVEN BETTER

Refit & After Sales

We provide the highest level of quality to meet the high standards of the premium sector. By combining state-of-the-art technology with a flair for the latest trends and standards in interior design, **we implement furniture concepts for our customers that are up-to-date in terms of technology and conceptualisation.** Trends may come and go, but quality is lasting. Our experience with new developments in the yacht construction sector also makes us a faithful and reliable partner in the refit and after-sales sector – for our aim is to take something special and make it even more extraordinary.

Our refit and after-sales team can draw on the necessary understanding of craftsmanship and technical matters as well as relevant expertise in special materials and surfaces to deal with customer wishes in a flexible manner. **This makes it possible for us to offer a suitable solution for any design that is desired** – irrespective of whether it concerns minor correction and repair work or an extensive refit project.

ABOUT US

List General Contractor (List GC) is an Austrian family-owned business operating on an international scale. At our headquarters in Bad Erlach, Lower Austria, we realise exquisite interior for projects both on water and on land. Our success story began back in the 1950s with a small carpentry workshop and big ambitions. Today, we furnish exclusive motor and sailing yachts and exquisite apartments and residences with extraordinary feats of engineering and superb craftsmanship.
