

DISINFECT · SANITISE · DEODORISE

## PureSpace® ADVANCED DISINFECTION

- Non allergenic, odorless and poses no risk to humans or the environment.
- Effective as a Bactericide, Virucide, Fungicide and Sporicide.
- A even disinfection of air and all surfaces, including electronics, without corroding or oxidizing.
- Disinfection to a high medical degree.
- The product solution simply breaks down into oxygen.

## CABINS & BATHROOMS

- Kills bacteria, viruses, fungi and spores.
- Eliminates organic odours.
- Sanitises carpets, upholstery, hanging textiles and mattresses.

## GALLEYS

- No risk of food contamination from chemical products.
- Technology adapted to operate in food environments and food processing.

## DINING & SALOON

- Quick application of areas.
- No need to ventilate or remove items.
- Absolutely dry mist with no humidity or residue.

## MAKE LIFE EASIER

- No risk of handling chemicals.
- Prevents the development and spread of infections.
- Complements your cleaning regime.
