**UKSA** (Rate this company)

CATEGORIES: TRAINING, CREW, TRAINING

## COMPANY INFORMATION

UKSA is one of the best places in the world to train. In fact, we're one of the top three providers of MCA certificates in the yachting world. We offer training from entry level right the way through to 3,000gt.

Food and accommodation come as standard, you'll live and eat on our fully equipped site in Cowes on the Isle of Wight. Everything you need you'll find on our vibrant 3.5-acre waterfront location: specialised classrooms, engineering workshops, bridge simulator suites, an accommodation block, canteen, and bar are all housed on campus.

We're also easily accessible from London, Bournemouth, and Southampton airports. With transport links arriving at either Portsmouth or Southampton ferry terminals.

Our doors don't close when classes end. We offer flexibility and extensive scheduling around each course, with access to our classrooms and resources in the evening too.

UKSA's instructional team is made up of highly skilled industry experts from the Royal Navy, Merchant Navy and superyacht sectors. Authorities that will share their skills and expertise with you as you study.
