Flexible Solutions

We have simplified our larger data tariffs to offer greater flexibility. There is no need to keep swapping plans when guests are on board and no expensive overage rates.

Premium Plan

Our premium plan offers the widest choice of 4G networks throughout Europe (inc Turkey) by using a multiple network solution.

Tariff	Monthly Rental	Inclusive Data	Per GB Thereafter
Flexible Premium	£325.00	100GB	£3.25

The premium plan offers more than 50 extra LTE networks compared to our Standard Plan, which include TIM and WIND in Italy and Orange and Movistar in Spain. This makes sure you can access the best network wherever you are.

This plan is ideal for use with larger Pepwave routers which are using SpeedFusion bonding. Multi-cellular and SpeedFusion Bonding performance increases significantly with multiple carriers.

Standard Plan

All the same features as our Premium Plan, 4G in every included country but many countries will only have one network available.

Tariff	Monthly Rental	Inclusive Data	Per GB Thereafter
Flexible Standard	£225.00	100GB	£2.25

4G is available in every European Mediterranean country (except Montenegro), but most countries will only have one network available.

Alerting

Usage alerts for Premium and Standard plans will be sent at 100GB, 250GB, 500GB, 750GB, 1TB, 2TB and 3TB.

Spend alerts will also be sent at £500, £1,000 and then every additional £1,000 up to £5,000.

Small Vessel Plans

These are very affordable plans ideal for small vessels or low usage requirements. Plans are limited to two SIMs per vessel.

Tariff	Monthly Rental	Inclusive Data	Per GB Thereafter
Small Vessel 50	£100.00	50GB	£5.00 per GB
Small Vessel 100	£175.00	100GB	

4G is available in every European Mediterranean country (except Montenegro).

These plans have no flexibility and cannot be upgraded to our flexible plans mid-month and extra data cannot be added.

The SIM does not automatically cut off once you have used your data package, but we can advise how to set this on your router.

Alerting

Usage alerts will be sent at 50%, 75%, 90% and 100%. Spend alerts will also be sent at £250 and then again at £500.
